- A. As a system controlled by the elite
 - B. As an arena of conflict and power struggles
 - C. As a structure of interconnected institutions
 - D. As the product of everyday interactions among individuals
20. Which sociological perspective would you use to analyze the effects of standardized testing on student performance?
- A. Conflict Approach
 - B. Feminist Approach
 - C. Symbolic-Interaction Approach
 - D. Structural-Functional Approach

21. If you were to conduct research on the impact of social media on youth culture, which research method would you most likely use to understand the patterns of usage?
- A. Case Study
 - B. Survey Research
 - C. Archival Research
 - D. Experimental Research
22. A sociologist wants to study how gender roles are reinforced in advertising. Which approach would best suit this study?
- A. Conflict Approach
 - B. Rational Choice Theory
 - C. Structural-Functional Approach
 - D. Symbolic-Interaction Approach
23. If you were a teacher using a 'latent function' of education, what might you be doing?
- A. Teaching specific job skills
 - B. Helping students form social connections
 - C. Preparing students for standardized testing
 - D. Teaching students to compete in the job market
24. In studying family dynamics, which approach would best help understand the power relations within a patriarchal family structure?
- A. Conflict Approach
 - B. Postmodern Approach
 - C. Symbolic-Interaction Approach
 - D. Structural-Functional Approach

25. What sociological theory would you apply to analyze the social impact of a new technology on workplace relationships?
- A. Conflict Theory
 - B. Evolutionary Theory
 - C. Functionalist Theory
 - D. Symbolic-Interaction Theory
26. If you were tasked with designing a policy to improve racial equality in schools, which sociological theory might you use as a foundation?
- A. Conflict Theory
 - B. Evolutionary Theory
 - C. Functionalist Theory
 - D. Symbolic-Interaction Theory
27. Which approach would you use to understand how individuals navigate multiple roles, such as being a parent, employee, and student simultaneously?
- A. Role Theory
 - B. Conflict Theory
 - C. Functionalist Theory
 - D. Symbolic-Interaction Theory
28. If you were to examine how cultural norms influence behavior in a workplace, what research method would you apply?
- A. Case Study
 - B. Survey Research
 - C. Archival Research
 - D. Naturalistic Observation

29. In analyzing social change, which theory would best explain gradual transformations in cultural norms over time?
- A. Conflict Theory
 - B. Functionalist Theory
 - C. Evolutionary Theory
 - D. Symbolic-Interaction Theory
30. A researcher is interested in the societal impact of the 'hidden curriculum' in schools. What might this researcher focus on?
- A. How students learn specific subjects
 - B. The role of formal education in job placement
 - C. The effectiveness of different teaching methods
 - D. The unspoken social norms and values taught in schools
31. Which sociological approach would be most appropriate to study how social movements begin and grow?
- A. Conflict Approach
 - B. Rational Choice Theory
 - C. Symbolic-Interaction Approach
 - D. Structural-Functional Approach
32. If a sociologist wants to explore the influence of media on public perceptions of climate change, which theory would be most applicable?
- A. Conflict Theory
 - B. Functionalist Theory
 - C. Agenda-Setting Theory
 - D. Symbolic-Interaction Theory

33. Which sociologist is known for the concept of 'anomie'?
- A. Karl Marx
 - B. Max Weber
 - C. Auguste Comte
 - D. Emile Durkheim
34. When investigating the effects of divorce on children's socialization, which research method might be the most informative?
- A. Case Study
 - B. Longitudinal Study
 - C. Cross-sectional Study
 - D. Experimental Research
35. A sociologist using a symbolic-interaction approach to study religion would likely focus on:
- A. The role of religious institutions in society
 - B. The role of religion in maintaining social order
 - C. The economic benefits of religious organizations
 - D. The meanings and symbols attached to religious practices
36. If you are studying the effects of peer groups on adolescent behavior, which research method might you employ?
- A. Survey Research
 - B. Archival Research
 - C. Experimental Research
 - D. Naturalistic Observation

37. What sociological perspective would be most useful in analyzing the power dynamics within a corporate hierarchy?
- A. Conflict Approach
 - B. Feminist Approach
 - C. Symbolic-Interaction Approach
 - D. Structural-Functional Approach
38. In research on family life cycles, which stage might be most impacted by economic factors?
- A. Courtship
 - B. Settling In
 - C. Retirement
 - D. Child Rearing
39. If a study focuses on the role of teachers' expectations in students' academic success, which sociological theory might be most relevant?
- A. Conflict Theory
 - B. Labelling Theory
 - C. Functionalist Theory
 - D. Rational Choice Theory
40. In examining how societal norms influence marriage practices, which research method could provide the most insight?
- A. Case Study
 - B. Survey Research
 - C. Archival Research
 - D. Ethnographic Study

41. A sociologist is studying how individuals present themselves in different social settings. Which theory might they use?
- A. Conflict Theory
 - B. Functionalist Theory
 - C. Rational Choice Theory
 - D. Dramaturgical Approach
42. Which sociological theory would you apply to understand the long-term effects of social inequality on educational attainment?
- A. Conflict Theory
 - B. Rational Choice Theory
 - C. Structural-Functional Theory
 - D. Symbolic-Interaction Theory
43. If you are researching how public policies affect family dynamics, which approach would be most suitable?
- A. Conflict Approach
 - B. Evolutionary Approach
 - C. Symbolic-Interaction Approach
 - D. Structural-Functional Approach
44. Which theory would help explain the persistence of poverty across generations in a society?
- A. Conflict Theory
 - B. Feminist Theory
 - C. Functionalist Theory
 - D. Symbolic-Interaction Theory

45. When studying the impact of religious beliefs on political behavior, which research method might be most appropriate?
- A. Case Study
 - B. Survey Research
 - C. Archival Research
 - D. Experimental Research
46. If you are analyzing how a social movement's framing influences its success, which theoretical perspective might you use?
- A. Conflict Theory
 - B. Rational Choice Theory
 - C. Symbolic-Interaction Theory
 - D. Structural-Functional Theory
47. In a study on educational attainment and social mobility, what might you investigate using longitudinal research?
- A. Changes in income levels over time
 - B. Public opinion on education policies
 - C. One-time academic performance snapshots
 - D. Comparative analysis of different school systems
48. A researcher using the 'conflict approach' to study family would most likely focus on:
- A. The traditional roles within a family
 - B. The psychological development of children
 - C. The ways families contribute to societal stability
 - D. The role of family in perpetuating social inequality

49. Which method would you choose to understand the role of peer groups in adolescent socialization?
- A. Case Study
 - B. Survey Research
 - C. Longitudinal Study
 - D. Ethnographic Study
50. A researcher interested in how social networks influence job opportunities might use which sociological perspective?
- A. Conflict Approach
 - B. Feminist Approach
 - C. Symbolic-Interaction Approach
 - D. Structural-Functional Approach

SECTION B: SHORT ESSAY QUESTIONS (50 MARKS)

This part consists of **FIVE (5)** questions.

Answer **ALL** questions only in the answer booklet provided.

Word limit for each answer **150 – 450 words**.

- a. Describe the process of socialization and explain how it shapes individual identity. **(10 MARKS)**
- b. Explain the concept of social stratification and its impact on social mobility. **(10 MARKS)**
- c. Discuss the Structural-Functional Approach and Conflict Theory as they apply to understanding social institutions like education. **(10 MARKS)**
- d. Outline the main steps in conducting sociological research and explain the importance of each step. **(10 MARKS)**

- e. Analyze how social institutions (e.g., family, religion, education) contribute to social inequality.
